THE FOUR CIRCLES OF YOUR VILLAGE

Circle of Trust. Only families you know, or ones you choose to let in.

Circle of Play. Playdates, holidays and classes. Real friendships.

Circle of Privacy. First names only, kids hidden until you're in. Data in Australia.

Circle of Freedom. Teens head out, parents stay in the loop. Location only on trips.

We'd love your honest feedback

Villakin is being built by a Sydney parent. Nothing to buy or sign up for, just three quick questions:

1. Would your family use this? Why, or why not?
2. What's missing, or what would worry you?
3. Which part would you want first?

HOW IT WORKS

From hello to pickup

Four steps, a few minutes each. Here's what a first playdate looks like in Villakin.

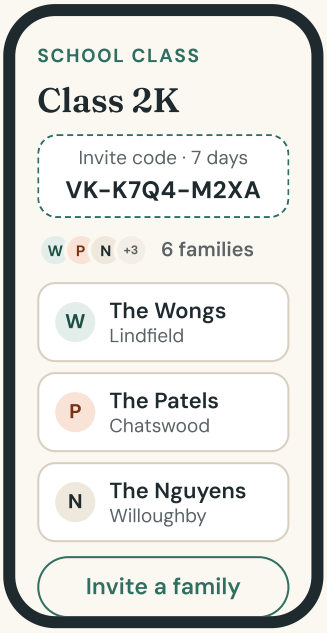

YOUR FIRST PLAYDATE IN 4 STEPS

1 Sign up

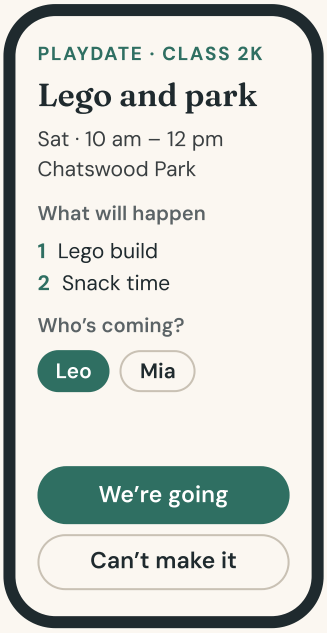

Two minutes. Your family and kids, first names and age only. Add your partner with a code.

2 Make a circle

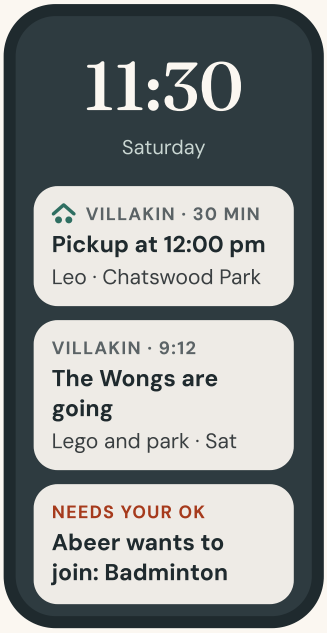

Only people you know. Share a code with your class, club or street. Nobody else can find you.

3 Plan a playdate

No group-chat chaos. One plan, one tap to say yes. The home address shows only to families going.

4 Pickup, on time

Reminders you choose. 15, 30 or 60 minutes before pickup, quiet hours at night. SOS alerts always come through.

WHY FAMILIES LOVE IT

SCHOOL HOLIDAYS

Holidays, covered

Mark days you need care or can host, swap days with families you trust, and find classes to go to together.

ON THE DAY

Peace of mind

Pickup reminders you choose. For teens, a live map on trips you approve, plus one-tap SOS. Safety is free, always.
