YOUR CIRCLES

Class 2K

School class · 6 families

Our street

Neighbours · 4 families

+ New circle · Join with code

PLAYDATES · 6-10

School holidays, sorted together

- Circles of families you know: class, club, neighbours
- A shared holiday calendar: who needs care, who can host
- Playdates and care swaps in one tap

CLASSES · ALL AGES

Find classes, go with a friend

- Holiday programs and term classes near you, with dates
- Swimming, coding, art, sport and more
- Go with your circle, or list a class you run

TEENS · 11-17

Freedom you both feel good about

- Teens post activities; either parent gives the OK
- Trip mode shares location with parents only
- An SOS button that alerts parents

PRIVATE BY DESIGN, BUILT IN AUSTRALIA

We'd love your honest feedback

Villakin is being built by a Sydney parent. Nothing to buy or sign up for, just three quick questions:

1. Would your family use this? Why, or why not?
2. What's missing, or what would worry you?
3. Which part would you want first?

NEEDS YOUR OK

Abeer wants to join: Badminton

Two minutes. Your family and kids, first names and age only. Add your partner with a code.

Only people you know. Share a code with your class, club or street. Nobody else can find you.

No group-chat chaos. One plan, one tap to say yes. The home address shows only to families going.

Reminders you choose. 15, 30 or 60 minutes before pickup, quiet hours at night. SOS alerts always come through.

WHY FAMILIES LOVE IT

SCHOOL HOLIDAYS

Holidays, covered

Mark days you need care or can host, swap days with families you trust, and find classes to go to together.

Peace of mind, on the day

A nudge before pickup, and for teens out with friends, a live map while the trip is on. Nothing more than you need.

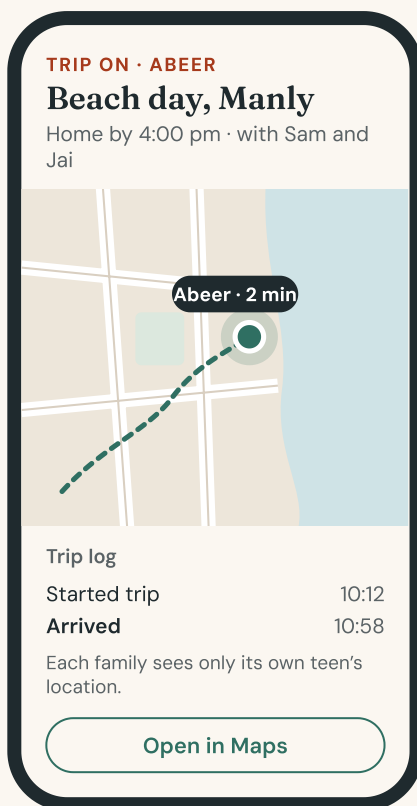

PICKUP TIME

Never miss a pickup

A reminder 15, 30 or 60 minutes before. Plans can go straight into your phone's calendar too.

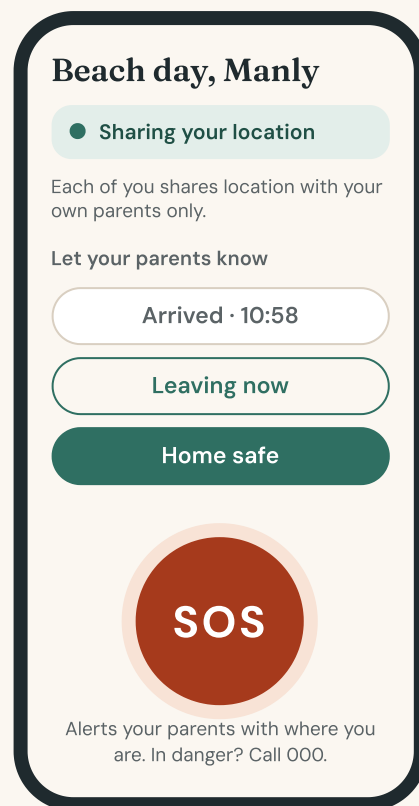

PARENT VIEW

See them on the map

Only during a trip you approved. Sharing stops when it ends, and the location is deleted straight away.

TEEN VIEW

Freedom with a safety net

Teens check in with one tap. SOS reaches you straight away, even in quiet hours.

YOU'RE IN CONTROL

Face ID lock. The app locks itself when you step away.

Quiet hours. Updates wait in the app overnight. SOS never waits.

No tracking. Location is shared only on a trip a parent approved.

Both parents, one family. Add your partner with a code; each sets their own alerts.

Safety features are free, always.

LEO · 7

What helps Leo

- A quiet space for breaks
- Knowing the plan ahead
- Finds noise or crowds hard
- Food needs, please ask us

In our words

"Give him a 5-minute warning before changing activity."

Shared only with families on a plan Leo goes to, and only until it ends.
